## FREQUENTLY ASKED QUESTIONS ABOUT THE STEP SAFETY MANAGEMENT SYSTEM

---

### 1. Who should complete the STEP application?

STEP is a world-class safety system and safety benchmarking and improvement tool. ABC encourages each participant to engage as many employees as possible in the process. Where possible, consider using a safety committee or a randomly selected and diverse sample of employees. For each of the Key Components of a world-class safety management system, groups can either work on reaching a consensus or results can be averaged. More participants in the evaluation process will result in a truer assessment of your safety program and a more comprehensive look at areas for improvement.

### 2. What are the STEP achievement levels?

There are six levels of STEP achievement: Participant, Bronze, Silver, Gold, Platinum and Diamond.

### 3. When is the STEP application due?

STEP applications are accepted throughout the year. However, in order to ensure receipt of your STEP certificate and achievement recognition at your chapter's safety awards ceremony, applications should be submitted online or returned to your local ABC chapter office by the chapter's STEP deadline. Check with your local chapter to see when your deadline is.

### 4. Is there a fee to participate in STEP?

There is no application fee for STEP involvement at the Participant, Bronze, Silver or Gold recognition levels if you submit your application online at [abc.org/stepapp](http://abc.org/stepapp).

There is a fee of \$235 for each Platinum application and \$435 for each Diamond level application.

### 5. Is the information submitted in my STEP application confidential?

Yes. The information contained in each STEP application is viewed only by ABC staff and is kept strictly confidential. ABC does not disclose any company-specific STEP information. ABC accumulates aggregate data through the program to determine collective safety trends and this information becomes part of ABC's annual STEP data analysis, which serves as a member benchmarking tool.

### 6. Does ABC National keep a copy of the application?

ABC National retains copies of all paper STEP applications for a period of five years and then destroys them. Information from all online applications is stored in ABC National's database in perpetuity.

### 7. Does STEP participation tie into other ABC recognition programs?

Yes, ABC has two recognition programs that tie into STEP participation:

**National Safety Excellence Award (NSEA)** – Companies applying for the 2021 National Safety Excellence Award must have participated in STEP at the Gold, Platinum or Diamond level in 2021.

**Accredited Quality Contractor (AQC)** – Companies seeking AQC status must have participated in STEP at the Gold, Platinum or Diamond level during the previous or current year.

**Excellence in Construction Awards (EIC)** – Neither AQC status nor STEP Gold, Platinum or Diamond recognition are required for submitting an entry in ABC's national EIC awards program. However, EIC applicants with AQC status do earn an additional two points in the judging process.

### 8. Who do I contact if I have questions?

Contact your local ABC chapter first. If the chapter is unable to provide the specific information you need, or if you are referred to the ABC National office, contact Amy Faris, manager of safety programs and initiatives at (202) 595-1855 or [faris@abc.org](mailto:faris@abc.org).

### **Appeals of STEP Level**

In certain instances, a company may feel that the STEP qualification criteria cannot be reasonably met and unfairly prohibit their company from being recognized at the appropriate STEP level. A company may appeal their STEP level to the ABC National Safety & Health Committee, who will review the application and supporting materials to make a determination for or against the appeal. Please note that **ONLY** the following criteria may be the cause of an appeal at this time:

- Total Recordable Incidence Rate (TRIR)
- Experience Modification Rate

### **PROVISIONAL STEP LEVEL**

All online applicants will be notified instantly of their provisional STEP level upon submitting all required information. This is a provisional notification; final notification will occur when the STEP award is presented to the applicant upon review and confirmation of data by ABC National.

#### **Notes:**

1 Key Components Self-Score – ABC does not publish minimum qualification scores for the Key Components.

2 Incidence Rate – Represents the number of OSHA recordable injuries/illnesses per 100 employees a company experiences in a given calendar year. It is calculated with the following formula:

Incidence Rate =  $N \times 200,000 / \text{Total hours worked by all employees in calendar year}$

"N" represents the total number of OSHA recordable incidents for calendar year (Lines G + H + I + J on OSHA Form 300A)

The U.S. Bureau of Labor Statistics (BLS) has created an online Incidence Rate Calculator that may be accessed at [http://data.bls.gov/IIRC/?data\\_tool=IIRC](http://data.bls.gov/IIRC/?data_tool=IIRC).

3 BLS – For purposes of this application, see Bureau of Labor Statistics averages in the table in supporting attachment titled 'NAICS Codes' on the STEP application homepage.

4 NAICS – North American Industry Classification System. If you are unsure in which NAICS code your company should be classified, reference [www.census.gov/eos/www/naics/](http://www.census.gov/eos/www/naics/) for code definitions. NAICS code classification should represent the majority of the company's primary work. A sampling of construction NAICS codes and corresponding national BLS incident rates is listed in the STEP application instructions section.

5 Note that, for applicants under 100 employees who are submitting based on their three-year incidence rate average, you must submit your 2017, 2018, 2019 and 2020 OSHA Form 300A. For applicants under 50 employees who are submitting based on their five-year incidence rate average, you must submit your 2015, 2016, 2017, 2018, 2019 and 2020 OSHA Form 300A.
